WEEK 5. BUILDING A CONCEPT MAP

Direction: Create a concept map to show what you have learned from this week's topic about Direct-Current Circuits. You can use words, terms, phrases, or formulas in connecting these concepts. Refer to the scoring guide below:

Legible (easy to read)	No (0-1)		Yes (2)	
Accurate (concepts were used accurately)	Many inaccuracies (0-2)	A few inaccuracies (3-4)		No inaccuracies (5)
Complete (sufficient number of relevant concepts and relationships)	Limited use of concepts (0-2)	Some use of concepts (3-4)		Sufficient number of concepts (5)
Sophisticated (finding meaningful connections between relevant concepts)	Little or none (0-1)	Few meaningful connections made (2-4)	Some meaningful connections made (5-7)	Meaningful and original insights demonstrated (8)
